

SAMSON RUBBER INDUSTRIES (PVT) LIMITED

## **POLICY FOR PREVENTION OF DEFORESTATION**

We, Samson Rubber Industries (Pvt.) Limited are committed to procure deforestation free raw material for our production of pneumatic tyres and inner tubes and supporting the prevention of illegal deforestation across our supply chain system.

The high-risk raw materials that is of our interest to our operations are rubber. Our Protection of deforestation policy and the responsibility of prevention, detection and reporting of deforestation in our supply chain is vitally important to us, as it is line with European Union deforestation regulations.

### **Our Responsibilities**

We are committed to source and export our product that are deforestation-free and legal.

We are committed to a supply chain system that avoid products that are produced, traded, or processed in violation of applicable national laws and ratified international treaties.

We are committed to carry out a risk assessment and ensure control, monitor, and review and document all relevant operations of supply chain system, in compliance with deforestation regulations and deforestation-free standard.

We are committed to the prevention of deforestation policy complies with our legal and ethical obligations, and that all those within our purview & control and provide, where applicable and upon request, relevant information on products and their origin at geolocation level as per the deforestation-free standard.

We ensure monitoring its use and effectiveness, dealing with any queries about it, and auditing internal control systems and procedures to ensure they are effective in avoiding products that can be associated with forest degradation.

We ensure, implementing the policy accordingly within our organization and all employees are made aware of our policy for prevention of deforestation. Our approach to prevention of deforestation in supply chain system is, communicated publicly.
